The Clerk reported that the College had received an application from Phil Douce Chairman of Worcester Civic society and a Trustee of Civic Voice (the national body for Civic Societies in England). Phil lived in Worcester and his daughter formerly attended WSFC. Phil attended the College on 24.1.17 and was interviewed by the Clerk and the Principal. Both considered that Phil would be a valuable asset to the College, particularly bearing in mind his contemporary experience of being a Trustee for a charitable company limited.

The Chair of the Quality Committee reported that the Quality Committee, meeting immediately prior to the Governing Body meeting, had agreed to recommend the appointment of Phil Douce as external governor to the Governing Body.

The Governing Body **approved** the appointment of Phil Douce as a Governor and a member of the Resources Committee for a period of four years.

(i) Articles of Association

The Clerk confirmed that the proposed Articles of Association for the MAT were based on the government's model articles and had been provided by Browne Jacobson. She responded to questions raised in relation to the objects clause, article 80A regarding Student Governors on the local governing body (LGB) and the proposed name for the MAT.

Following a short debate the Governing Body;

- b) **approved** the name of the MAT as 'Worcestershire Learning Trust'.

(ii) Consultation documentation

The Clerk confirmed that the proposed consultation documents had been based upon sample documents provided by Browne Jacobson amended by the Clerk and the Principal as attached. The Principal responded to a number of questions and confirmed as follows:

- he would double check the letters for typos and to ensure that they were consistent (and consistent with the MAT values),
- he would double check the examples of benefits given in the letters,
- the proposed meeting with stakeholders could include governors/trustees and members,
- he anticipated that there may be some objections to the MAT name but was not aware of any other reasons for objections,
- he would add reference to national negotiations and pay scales to the staff letter,
- he would check with the IT Section regarding placing the consultation on the website and the use of an online form,
- he would include reference to other successful schools/colleges which had converted to academies in the letters plus confirmation that there was no sponsor for the MAT, and
- a paper version could be circulated with other routine postings to student parents/carers.

The Governing Body **approved** the sample consultation documents subject to the matters listed above.

(iii) Governance documentation

The Clerk confirmed that the proposed governance documents had been based on sample documents provided by Browne Jacobson, commenting that the words in red font had been added to give the WSFC perspective. The Principal reported that the prescribed role of the Chief Finance Officer (CFO) as described in the documents could be delegated to other staff and he circulated proposals. In response to questions raised the Principal confirmed that:

- his proposals to delegate the role of CFO reflected current arrangements,
- as the membership of the MAT grew it may be necessary to have a Finance Manager for each member and an overarching CFO for the MAT,
- he could investigate how roles were distributed within other MATs and how academisation had impacted on senior staff roles at other Colleges.

The Governing Body **approved** the following draft documents:

- Code of Governance, including delegation of the CFO role as proposed by the Principal,
