He hoped that the Governing Body would be in a position to decide whether to become an academy in October, but in the meantime invited governors to share their ideas, concerns and aspirations for the College.

The Principal circulated a copy of the minutes of AROWG latest meeting and provided governors with an update on how negotiations were proceeding with the Bank, the Regional School Commissioner's representative and discussions with local stakeholders. He also provided articles on academisation from the SFC and AoC for information.

An hour long debate followed under 'Chatham House rules' with the advantages and disadvantages of academisation, the structure of MATs and SATs and Academy requirements being discussed. During the debate governors' wish for the College to become an outstanding College was made very clear.

Carol Jones offered to provide feedback to the College on her perception of governors' views of academisation. She reminded management that the long awaited government guidance on conversion was due out on Friday.

On behalf of the Governing Body the Chair thanked Carol Jones for her contribution to the strategic debate.
