

Safeguarding

The College is committed to safeguarding and promoting the welfare of all of our students. It has taken an active role in multi-agency work where child, or vulnerable adult, protection concerns arise. The following principles underpin decisions and actions: our approach aims to achieve the best outcome for students; all our staff have a responsibility and receive regular training; our personnel procedures aim for best practice in relation to safer recruitment; work with other agencies is valued and matters surrounding information sharing and confidentiality are informed by the Worcestershire Safeguarding Children Board (WSCB).
