

## Worcester Sixth Form College Early Help for Students and Families

At Worcester Sixth Form College we recognise the challenges that families face in bringing up children. There may be times when you need extra help and support. If this is the case please come and talk to us. There are many ways in which we can help or signpost to external support as outlined in this offer of early help. We also have an advice and guidance booklet for parents on our website that covers a range of issues that affect young people.

The diagram below shows the range of needs at different levels. We use this graduated approach to make sure we provide the best support for different families' individual situations.

Providing Early Help to our students and families at Worcester Sixth Form College means we are more effective in promoting support as soon as we can.

All staff receive safeguarding training which includes Prevent training. In addition the pastoral tutors have received extra bespoke training in areas such as Mental Health First Aid, Young Carer Aware, Child Sexual Exploitation and Suicide Prevention.

At Worcester Sixth Form College we meet the needs of our students through a variety of ways:

- A designated safeguarding team. The safeguarding policy can be found on our website.
- Pastoral tutors monitor attendance and are the student's first point of call for anything they wish to discuss. They are situated in the Tutorial Hub and can be contacted directly by phone or by e-mail (see p.4).
- College counsellors five days a week
- Behaviour management, anti-bullying and e-safety policies (see website)
- The Learning Support Manager is responsible for the learning support team and all 'looked after' and previously looked after students. The learning support staff can provide one to one support and also offer drop in sessions across the week
- Fitness to Study assessment (within the attendance policy on our website) which looks at reasonable adjustments to a student's programme of study when they have had serious health conditions and ways that extra support can be offered
- Quieter study areas around college and a quiet room known as the 'well-being' room
- Mental Health Peer Awareness group. This is a group of students trained by staff from the University of Worcester to support their peers. They also promote national Mental Health events in College.
- Student Services is a hub for careers, volunteering, work experience, university options, counselling, sexual health nurse and student ambassadors
- Art therapy group (Tuesday white block)
- Designated Young Carer support (see own tutor)

In **Keeping Children Safe in Education 2019** it makes it clear that ALL staff should be aware of their local early help process and understand their role in it. In addition, this statutory document makes it clear that any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a student who:

- is disabled and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health care plan);
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- is misusing drugs or alcohol themselves;
- is at risk of modern slavery, trafficking or exploitation;
- is in a family circumstance that presents challenges for the student; such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is a privately fostered child.

Everyone needs help at some time in their lives and therefore an ethos of early help is important for any college.

The coordinated Worcester Sixth Form College offer of Early Help is outlined in the table below. We believe that early interventions for children or families, in many cases, will prevent young people from experiencing harm.

All Worcester Sixth Form College staff are aware of the College offer of early help. At all times, staff should consider if there is any offer of Early Help that we can make in order to help a student.

We also liaise with other agencies and people within the local community. In the table below is the College's Early Help offer and some external organisations that can support children, young people and their families

**Children with disabilities team (CWD)**

The Children with Disabilities (CwD) Social Work Team provide services designed to meet the needs of children and young people who have complex disabilities.

The CwD Social Work Team is one of a range of services that can provide support to children and young people with disabilities and their families. Other services available are those provided by health, education, play and youth services as well as community resources provided by voluntary agencies.

The CwD team offer services to those children and young people requiring additional resources in respect of their disability, where the disability has a profound impact on the child or young person's life.

An assessment will be offered where the child has a condition which is substantial, long lasting or permanent, is a physical and/or learning disability or a life limiting, life threatening condition. These may include:

- severe learning disabilities
- severe physical disabilities
- severe developmental delay in motor and or cognitive functioning
- profound multiple disabilities
- severe sensory impairment (registered blind and/or profoundly deaf)
- complex and severe health problems that arise from the disability, that are life threatening, degenerative illness or organic disorder resulting in severe disability
- a diagnosis of Autistic Spectrum Condition with an associated learning disability and where the condition severely affects day to day functioning

<p><b>Fabricated and induced illness (FII)</b></p>	<p>Fabricated or induced illness (FII) is a rare form of child abuse. It occurs when a parent or carer , exaggerates or deliberately causes symptoms of illness in the child.</p> <p><a href="https://www.nhs.uk/conditions/Fabricated-or-induced-illness/">https://www.nhs.uk/conditions/Fabricated-or-induced-illness/</a></p>

<p><b>Faith abuse</b></p> <p>Faith and belief-based child abuse, including practices around ‘spirit possession’ and ‘witchcraft’, is a hidden crime, which makes it difficult to quantify in terms of magnitude. However, from our own experience and in consultation with communities, we know this kind of abuse is under-reported.</p> <p><a href="http://www.gov.uk/government/publications/national-actionplan-to-tackle-child-abuse-linked-to-faith-or-belief">www.gov.uk/government/publications/national-actionplan-to-tackle-child-abuse-linked-to-faith-or-belief</a></p>	<p>Further contacts for advice can be found from the local representatives for some faiths.</p> <ul style="list-style-type: none"> <li>• An Exploration of Knowledge About Child Abuse Linked to Faith or Belief (2016)</li> <li>• National Action Plan to Tackle Child Abuse Linked to Faith or Belief (2012)</li> <li>• Safeguarding Children from Abuse Linked to a Belief in Spirit Possession (2007) this good practice guidance is archived but still available.</li> <li>• Eleanor Stobart report 2006: Child Abuse Linked To Accusations of Possession And Witchcraft (2006)</li> <li>• Unicef study report: Children Accused of Witchcraft</li> <li>• AFRUCA: Africans Unite Against Child Abuse</li> </ul>
<p><b>Honour based violence (HBV)</b></p> <p>Honour’ based violence (HBV) occurs when perpetrators believe a relative or other individual has shamed or damaged a family’s or community’s ‘honour’ or reputation (known in some communities as izzat), and that the only way to redeem the damaged ‘honour’ is to punish and/or kill the individual.</p> <p>‘Honour’ based violence is a term that is widely used to describe this sort of abuse however it is often referred to as <b>so called ‘honour’ based violence</b> because the concept of ‘honour’ is used by perpetrators to make excuses for their abuse.</p>	<p>There is a very strong link between ‘honour’ based violence, forced marriage and domestic abuse. The term ‘Honour Based Violence’ is the internationally recognised term describing cultural justifications for violence and abuse. Honour Based Violence cuts across all cultures and communities: Turkish, Kurdish, Afghani, South Asian, African, Middle Eastern, South and Eastern European for example. This is not an exhaustive list. Where a culture is heavily male dominated, HBV may exist. The police have made it a high priority to help communities fight back to tackle both honour based violence and hate crime.</p>

<p><b>Preventing Radicalisation and Extremism/HATE (PREVENT duty)</b></p> <p>While it remains very rare for school age children to become involved in extremist activity to the point of committing criminal acts, young people can be exposed to extremist influences or prejudiced views, including via the internet, from an early age. As with other forms of criminality or risk of harm, early intervention is always preferable. Schools, working with other local partners, families and communities, can help support pupils who may be vulnerable as part of wider safeguarding responsibilities. <p><b>Missing Children and Adults Strategy (vulnerable children and adults who go missing)</b></p> <p>Every year an estimated 200,000 people go missing in the UK. In some cases, missing adults may have made a choice to leave and 'start their lives over again', but the vast majority of missing people, children and adults, are vulnerable and need protection and support. The strategy has three key objectives which provide the right foundations for any effective local strategy to tackle this issue: Prevention - reducing the number of people who go missing, including through prevention strategies, education work and early intervention in cases where children and adults repeatedly go missing Protection -</p>	<p>The Missing Children and Adults strategy can then be referred to for further information and help. It is a home office publication (2011).</p> <p><a href="https://www.gov.uk/government/publications/missing-children-and-adults-strategy">https://www.gov.uk/government/publications/missing-children-and-adults-strategy</a></p> <p><a href="https://assets.publishing.service.gov.uk/government/uploads/system/uploa">https://assets.publishing.service.gov.uk/government/uploads/system/uploa</a></p>

<p>reducing the harm to those who go missing, including through a tailored, risk-based response and ensuring agencies work together to find and close cases as quickly as possible at a local and national level Provision - providing support and advice to missing persons and families by referring them to agencies promptly and ensuring they understand how and where to access help. The police should be informed if any child or adult goes missing</p>	<p><a href="https://www.worcestershire.gov.uk/attachment_data/file/117793/missing-persons-strategy.pdf">ds/attachment_data/file/117793/missing-persons-strategy.pdf</a></p>
