

Summer Tasks

1. Acquire a **DSLR camera** Recommended models: Nikon D3300 or D3500, Canon EOS 1500D or 1300D.

2. Take one photograph of each of the things on the list below.

1. A red ball
2. A tree and a dog
3. Something ugly
4. A kiss
5. A bar of soap
6. Something random
7. Something unambiguous
8. Grass and concrete
9. Something old-fashioned
10. Something futuristic
11. A blue car and a white car
12. An empty room
13. A woman behaving like a man
14. People dancing
15. Colourful clothing in artificial light
16. Dawn
17. A plate in the air
18. A car park at night
19. Things in a pile
20. A smile

- I do not mind what type of camera you take them on (Digital, Film, or Phone), but make sure that the aspect ratio is around 4 x 6 (ie. not square or widescreen) and take them in landscape orientation
- Get them printed at 4 x 6 inches on glossy photo paper
- Do not stick them down on anything.
- Do not manipulate the images in any way apart from altering the brightness and contrast or making them black and white (if you want to).
- Bring them with you to your first lesson in September.
