	Revision books:
	CGP Revision guide available to buy here (include FD1 and FP1 units which we do
	not do)
	Top strategies for final exam preparation (students should already have
	consolidated their course notes and flash cards)
	The best way to learn maths is to do it. Work as many past papers or exam type
	questions as possible. Identify questions you cannot do and go find out how to do
	them. Ask the internet (use the websites listed above), ask friends, ask your
	teacher.
