

Revision Support Information for Parents/Carers

Students have revision booklets and further support information on Teams

Subject	Subject support details
Environmental Science	Examination Board - AQA
	Paper 1 –Physical
	Paper 2 – Biological
	Exam questions and mark schemes are available via class Teams or the OCR Website https://www.aqa.org.uk/subjects/science/as-and-a-level/environmental-science-7447/assessment-resources
	Key revision/course support: All PPTs are available on Teams Revision booklets and activities on class Teams <ul style="list-style-type: none">- Homework revision booklets for each topic- Topic summary booklets/ Knowledge Organisers (A3)- A3 Essay revision planners Revision websites: Due to the small number of students that sit this course, there are no specific revision websites, however there is a website that has some flashcards tailored to the specification https://www.brainscape.com/subjects/a-level-environmental-science
	Top strategies for final exam preparation (students should already have consolidated their course notes and flash cards) -Practice questions from your question booklets. Initially use support when completing questions by referring to your notes or try to find the answer in a PPT. Then, when you are becoming more confident, start completing papers without any support. - Plan out essays using the A3 sheets- think about the problem, the solution and then evaluate the solution. - Make sure definitions are accurate and use appropriate terminology- test your friends and ask family to test you. - Make sure knowledge organisers are full- if there are empty sections go back over your notes and see your teacher to find out where to find information for missing content.
